## Highlights:

- Up to 18 businesses
- Office space: 145-320 SF
- Warehouse/production space: 500-600 SF
- 80 percent success rate of graduate companies

## Our Goal

- Provide entrepreneurs with affordable space, shared support services, mentoring, seminars, and networking opportunities

**S**t. Louis Enterprise Center-Wellston, is one of St. Louis Enterprise Centers' four small business incubators. The 10,000-square-foot facility sits on two acres and features office and warehouse space for up to 18 companies.

The Wellston Enterprise Center is an example of a public/private partnership spurring business development in the St. Louis region. The incubator enhances the likelihood of success for startup businesses and provides a variety of resources such as:

- Office, warehouse and production spaces
- Common office equipment, administrative and clerical assistance
- Access to business mentoring, training and networking

The Enterprise Centers provide an entrepreneurial atmosphere where companies from virtually any business sector can launch their startup. With a focus on helping businesses thrive and an 80 percent success rate, our client companies are poised to grow while in the incubator and beyond. The Enterprise Centers' clients are 60 percent woman-, minority, or immigrant-owned. In 2010, the current and graduate clients employed 1,073 full-time employees with gross revenues totalling over \$207 million.
